Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary brands, and cannot be sold in competition with the multitude of low cost, short-weight, adulterated powders, sold only in cans. ROYAL BAKING POWDER CO., 110 Wall Street New York.

What on Earth

Is the reason people will not, cannot, or do not see any difference in cheap nos trums put up by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BEGG'S BLOOD PURIFIER & BLOOD MAKER, and every bottle that does not do its work, will cost you nothing. W. H. Chedic, Druggist.

How Can Parents

allow their children to cough and strain and cough and calmly say: "Oh! its only a little cold," and keep giving them cheap and dangerous medicines, until they are down with lung fever or consumption, when they can be so easily relieved by BEGG'S CHERRY COUGH SYRUP? It has no superior and few equals. W. H. Chedic, Druggist.

A NERVY SUPERINTENDENT

How he Saved Half a Million to His Company.

Yesterday afternoon about 3 o'clock a man called at the office of the V. & T. and asked to see H. M. Yerington. He was shown into the Superintendent's room and laying down his card said that he represented a firm of iron producers in Pittsburg and wished to put in a bid for the rails on the extension of the C. & C. R. R.

During the conversation he said he would like to have the door closed as he wished his business strictly private. The door was closed, and suddenly drawing a six shooter, the man covered the Superintendent and demanded the keys of the safe. As he was wholly in the man's power he could not do otherwise, and he finally turned the keys over to the ruffian, who went through the safe and took over half a million in bank notes, bonds and negotiable securities.

Completing his dastardly work, he then again covered Mr. Yerington with his revolver and remarked:

"The train is about to leave and I want a pass to Reno."

"We are not giving passes to strangers now," remarked the Superintendent in cold accents. "This pass business is being run into the ground."

"Sign the pass or I'll scatter your brains all over this floor."

"I've stood considerable from you sir," was the reply, "but by jove, I don't propose to pass any more people to Reno, a half fair ticket is about as good as I can do."

"No half fair racket with me. Hurry up now, or I will shoot," was the man's stern order as he cocked the deadly weapon.

Here Mr. Yerington lost his temper completely and springing at the man, grabbed him by the throat and throwing him down, took away his gun and began jumping all over him. Mr. Ford, hearing the noise, came in, and the man was bound and turned over to the authorities.

This story is not really true, but merely Beauchaulted from an old play to fill space.

A DISGUISED TRAMP.—Last Thursday evening, in the Reno yard, a tramp fastened his partner in an East-bound caboose "well," with instructions to make a noise and be liberated when he got to Wadsworth. The fellow either miscalculated the distance, or else he fell asleep, for when the caboose returned here next morning he reported and was let out, but after taking a critical view of his surroundings, he expressed his disgust by ejaculating: "I am a — of a — if I ain't in Reno again!"—Gazette.

THE SEWERAGE QUESTION.

Should the Democrats Handle the Funds?

Yesterday a careful canvass of the Registry List showed that the Democrats were in considerable of a majority. The Democrats have decided that they want the handling of the \$25,000 to be spent in providing sewerage for the city, and this, in a small city election, is a plum worth going after.

It behooves Republicans to wake up and register, and see that they continue to control the city affairs. The books close on Friday night at 6 o'clock, and there are now not much over 300 names on the list.

The sewerage question is one of great importance and aside from politics every voter is interested in the matter, and should be in a situation to vote for the sewerage bonds on election day.

Against Prohibition.

Boston, April 23.—The Prohibitionists spent lots of money yesterday, had religious services in the churches, women at all the polls personally soliciting votes, and gave strong hot lunches to those who voted for them, while the Sunday-school children, carrying flags and prohibition banners, marched through the streets headed by a brass band. They would visit each poll and cheer for the amendment, but all this had no result, the vote in Boston being 59,890 for and 96,749 against. This is 93 per cent. decrease on the November vote. The change of sentiment in the State is startling. Worcester county where the best cider in the State is made, gave 4,000 majority against Prohibition. The majority in the whole State is 44,500. The Prohibitionists are very much disheartened.

Important Gold Discovery.

PUEBLO (Col.), April 22d.—The statements sent out during the past week concerning the gold discoveries on the Uncompaghe river, near Ouray, in the Western part of Colorado, are more than corroborated by ex-Sheriff Henly Price of this city. He has returned from the new camp, after spending \$20,000 in buying claims, and in organizing a strong company to operate there. He says the best mining of California never excelled in promise and in actual returns the new mines of Ouray. A handful of crushed quartz yields half a teaspoonful of gold. One carload of ore is on the road to the Pueblo smelters which is worth \$60,000. The matter has been zealously kept from the newspapers, and people about Ouray have staked the mountain sides on both sides of the river.

How to WALK.—Not one man or woman in a thousand knows how to walk gracefully. Some people tread as if stepping on eggs, some waddle like ducks, and some slam along like cattle with the hover. It depends a good deal on the kind of shoe you have. By getting some shoes from Olcovich's new stock you are sure to walk gracefully.

CEMETERY WATER. At the annual meeting of the Board of Directors of the Cemetery water works, April 13th 1889 it was.

Resolved, That all persons wishing water for irrigation, the present season, will be required to pay for the same on or before May 1st 1889, for the season of five months, from May 1st to October 1st.

The Superintendent will not water any lot except on compliance with this resolution.
